

**IDENTIFY
INDIVIDUAL ANIMALS.
FULL *BLUETOOTH*
EID CAPABILITY.**

ID3000 Bluetooth® **WEIGH SCALE**

The **ID3000** is a mid level weigh scale with full EID compatibility, and *Bluetooth*® wireless technology. It's suitable for cattle, dairy, commercial sheep or deer operations.

Using its built-in *Bluetooth* technology, the **ID3000 Bluetooth** wirelessly connects to Tru-Test's EID stick readers, automatically transferring scanned ID's straight into the indicator, saving time and improving accuracy. Alternatively, the animal's VID can be entered using the large and durable keypad.

- ✓ Efficient information collection with wireless connection to EID reader
- ✓ Improve productivity by moving from averages to individual animal management
- ✓ Identify top and poor performers by monitoring and comparing weight gains
- ✓ Capture traits to inform feed, breeding or health management decisions
- ✓ Maximise throughput with fast weight lock, auto weight recording and auto drafting
- ✓ Easy to see and read in all conditions
- ✓ Durable design for tough working environments
- ✓ Long internal battery run time - no need for power connection

Key Features

- **Wireless EID reader connectivity.** Wireless communication with EID readers up to 100 m away.
- **Simple to use.** Intuitive user interface with onboard interactive help system and tutorial.
- **Computer interface.** Connect with your computer using the USB adaptor and Link3000 software.
- **Memory capacity.** 10,000 records in 50 files.
- **One 12-character data field.** Store information against individual animals.
- **Large back lit display.** Easy to read large display. Backlight automatically turns on or off as light level changes.
- **Stable Light.** Bright red light to indicate stable weight achieved
- **Alpha-numeric keypad.** Easy entry of ID's, file names and field setup
- **Drafting (Sorting).** Speeds up drafting by weight, with up to three draft directions and support for autodrafters.
- **Statistics.** Basic stats on files available; Count, average, min, max, total, standard deviation.
- **Average daily weight gain.** Show weight gain for animal performance monitoring.

Product Description	Part Number
ID3000 Bluetooth® Indicator Includes: Charging kit with multi-region AC adaptor and 12 V battery leads, mounting bracket, Link3000 software and serial computer cable.	821662

General Specifications	
Size (W x H xD)	10 5/8" x 7 1/2" x 2 3/4" (270 x 190 x 71 mm).
Weight	3 1/2 lb (1.6 kg).
Battery	Charging Time = 8 hours in normal conditions. Run Time = With Bluetooth 13.5 hours continuous use, 8 hours with backlight on. Auto turn off = 15 minutes.
Power requirements	AC adaptor regulated or battery, 11 to 16 V d.c.
Waterproof	IP67. 100% water and dust proof.
Serial communications	2x serial D9 interfaces.
